Women on Target is an NRA program and is made possible through funding from Georgia Sport Shooting Association and Coastal Georgia Gun Club. It is aimed primarily at women with little or no experience with firearms. However, many women enjoy the program so much they return several times just to enjoy a day with other women interested in learning about firearms and shooting in a friendly and relaxed setting.

Carol Rosenqvist has presented this program all over the state of Georgia for many years. She is an NRA Certified Instructor and Training Councilor, past President of GSSA and a competitive shooter. Carol also teaches, and leads Women's Wilderness programs, at the NRA Whittington Center in New Mexico during the summer.

We ask that all participants arrive at 8:30AM. The program begins at 9:00 AM in a classroom setting. Information covered will include how firearms work, types of firearms, shooting stance, position and grip, and other basic firearms information, all with an emphasis on safety. The setting is informal, and questions and discussion are encouraged. Lunch will be served at approximately 12:00. After lunch, participants will be divided into groups of no more than 10 and will move to the firing line. There will be .22 caliber rifles, .22 caliber pistols, and 20-ga. and 12-ga. shotguns are available for use. Ammunition, hearing, and eye protection will be provided. Each participant will have a "coach" standing next to her on the firing line. These coaches are members of Coastal Georgia Gun Club who have volunteered their time and in many cases their firearms, for this program. They are there to insure safety and to help anyone uncomfortable or nervous about using a firearm become more at ease. Participants will move from one type of firearm to another in groups and are encouraged, *but not required*, to try all types of firearms available. We ask if you choose to "sit out" a particular shooting option, that you stay with your group until they move on to the next shooting option.

The classroom is heated/air-conditioned. The bathrooms are located next to the classroom. The firing line is covered. Dress for the weather, and dress comfortably. Long pants and closed-toed shoes are recommended.

If you have a 22-caliber pistol of your own, you may bring it with you. You must keep it **UNLOADED** in your vehicle until it is your turn to shoot. At that time, tell the person in charge of the firing line that you have your own firearm, and you may bring it – still unloaded – to the firing line. If you have a pistol other than .22 caliber that you would like to shoot, we ask that you keep it **UNLOADED** in your vehicle until after everyone has had an opportunity to complete the shooting program. After the program is completed, IF TIME PERMITS, you may ask one of the pistol coaches if he or she will allow you to shoot it. You must keep it unloaded until the person in charge of the firing line allows you to load your firearm. You will need to provide your own ammunition for anything other than .22 caliber.

The program is limited to **32** participants. **Registrations will be taken on a first-come, first-served basis.** Once the 30-participant limit is reached, additional registrations will be put on a waiting list. You will be notified of your status, and if you are on the waiting list and do not get to participate, your entry fee will be refunded. **Please be considerate of those on the waiting list. If you find you must cancel, please let us know as soon as possible so others can participate.**

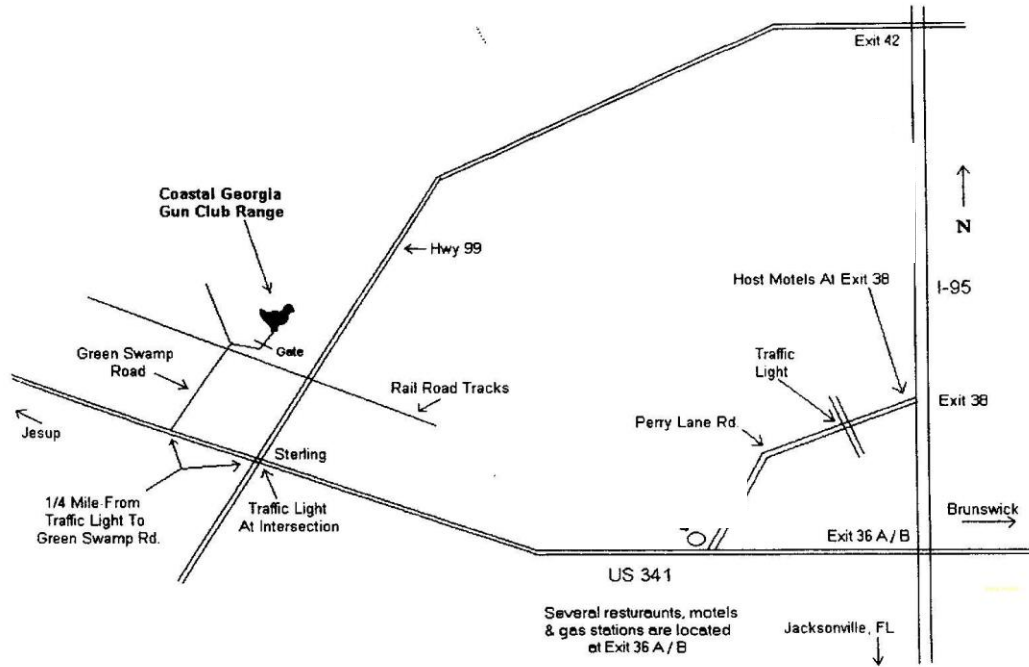

Refunds will be made only as follows:

If the program is canceled.

To those on the waiting list who do not get to participate.

To those who cancel on or before **Dec 1st**. (Cancellations after Dec. 1st, or a "no-show", will not be eligible for a refund.)
